### Koverton Classics Care Instructions

**Metal Finish:** Metal frames should be kept clean consistently. Avoid allowing dirt to build up on metal frames. Clean metal frames regularly by using mild soap solution and rinse with luke-warm water. Dry metal frames with soft towel and allow to air dry. Do not allow water to build up inside frames, and do not allow frames to stand in water. To prolong the life of the furniture and keep it looking its best, you may wish to store or cover the furniture when not in use for an extended period of time.

**Cushions:** Clean cushions fabrics with a solution of one cup mild detergent mixed with four gallons of water. Use a sponge to clean the cushion fabrics and rinse thoroughly with clean water. Allow fabric to air dry. As general maintenance, avoid allowing dirt to build up on cushions. To keep cushions looking their best, you may wish to store or cover the cushions when not in use for an extended period of time. For additional information on cleaning against stains and heavily soiled fabrics, please visit [www.sunbrella.com](http://www.sunbrella.com)

**Table Tops:** Avoid staining on the surface by immediately wiping any spill. Do not allow any standing liquid to stay on table top surface. For general cleaning, wash with mild solution of detergent and water. Rinse with clear water and dry with soft cloth. Do not use abrasive powdered soaps or scouring pads. Resealing of your table top is recommended under extreme use (commercial applications) after 1 or 2 years. Regular residential use should not require resealing for at least 2 to 4 years. Stone tops may be re-polished professionally and is always required resealing after polishing. Natural stone/marble tops will fade in direct sunlight over time. This fading is a natural process and will be more noticeable on brightly colored stones and polished marble. To keep the table top looking its best, you may wish to store or cover the table top when not in use for an extended period of time.

**Replacement Parts:** Replacement parts and touch up paints are available through Koverton Classics and its local dealers.
